Comprehensive Needs Assessment

Demographics

Demographics Summary

32% African-American

23% Hispanic

63% White

2% Native Hawaiian or other Pacific Island

1% Asian

LEP = 11%

Commerce Elementary serves all the children in EE-2nd in Commerce ISD. Commerce ISD is economically disadvantaged with the CES campus having a 78% free/reduced lunch rate. The campus has been a Title I Schoolwide Project for many years. CES has an enrollment of approximately 340 students.

Demographics Strengths

Students:

Strengths

- Curious and excited about learning
- Willingness to please
- Enjoy coming to school

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): CES is challenged with meeting the needs of diverse cultures. **Root Cause:** CES has a variety of cultures with minimum support resources.

Student Achievement

Student Achievement Summary

Data Results

Students:

We found that there are significant achievement gaps between our sub-populations, especially between White students and African-American/Hispanic students. These gaps are more evident in the areas of Reading and Writing. The committee also discovered that our economically disadvantaged population needs to be a focal area due to STAAR scores declining on our '18-'19 ACW report card. We are upgrading our Literacy Program to meet the needs of our at risk and enriched student population. Our MTSS process is helping to make significant gains in early identification of struggling learners, applying appropriate interventions, and reducing our number of special education referrals. Continued training in literacy instruction, differentiated instruction and technology will be critical to ensuring that all students access the general curriculum in meaningful ways to build student success.

Student Achievement Strengths

CES students are:

- Curious and excited about learning.
- Willing to please.
- Responsive to new programs.

Problem Statements Identifying Student Achievement Needs

Problem Statement 1 (Prioritized): Third grade students in CISD are not being as successful as compared to the region (Region 10) at the "Meets Grade Level" in reading. **Root Cause:** Reading instructional strategies do not target all sub-populations. More and/or better efficient data (including storage of) is needed to drive instruction. Due to unplanned school closure in spring of 2020, the impact of COVID-19, and remote asynchronous learning, this problem statement still remains relevant.

School Culture and Climate

School Culture and Climate Summary

Physical, environmental, and social aspects of a school have a profound impact on student and staff experiences, attitudes, behaviors, and performance. Commerce Elementary has a school culture and climate that fosters student learning in a motivational and interactive manner which inspires students to learn, attend and stay in school. It is a healthy and positive school culture where all students experience equally supportive learning environments and opportunities that help them learn and thrive.

School Culture and Climate Strengths

- Teachers are supported by administration.
- Staff is welcoming and friendly to all visitors.
- Large number of parents attending events and notable number of volunteers prior to COVID-19. However, still currently involving parents/families in the learning process.
- Inviting and student friendly environment is provided.

Problem Statements Identifying School Culture and Climate Needs

Problem Statement 1: Constant/consistent cohesiveness among staff is desired. **Root Cause:** Diverse opinions and ideas sometimes create a gap in cohesiveness.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

Administrators take time to review and interview quality candidates that are certified in the area that is sought. We have a staff of 55 members. We are 100% highly qualified. All new teachers and returning teachers that are new to the campus have been assigned to a grade level mentor with ongoing support systems in place. We work through multiple teams to make sure all teachers have a voice and are a part of decision-making for our campus. We create a family atmosphere so that all teachers and staff are a team and want to be here.

Staff Quality, Recruitment, and Retention Strengths

All teachers are highly qualified, and have required certifications. There is a low level of turn over within the staff, and most new hires have experience. The implementation of the newest and most innovative instructional techniques are unfolding on the CES campus.

Problem Statements Identifying Staff Quality, Recruitment, and Retention Needs

Problem Statement 1: Staff of diverse cultures and qualifications is desired. **Root Cause:** Lack of diverse candidates with appropriate certification(s) and training.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

CES sustains average scores in comparison with other districts of size and proximity. It is a continual area of evaluation and growth.

Curriculum, Instruction, and Assessment Strengths

- Math and Reading Computer-Based Program – Education Galaxy continues to support student learning.
- Whole Brain Teaching Methods implementation is utilized.
- Specialized ELAR Program has been adopted and implemented.
- Leveled Literacy Intervention is being implemented with fidelity.
- Use of TRS scope and sequence is occurring.
- Vertically and horizontally aligned curriculum is in place.
- Technology upgrades and training to address student needs.
- MTA Dyslexia Program is utilized to meet the needs of students that qualify with an educational need.
- Second Step SEL Curriculum has been implemented throughout the campus.
- Implementation of new Pre-K On My Way curriculum which is fully aligned to current Prekindergarten guidelines.
- All K-2nd grade Reading teachers are participating in the HB 3 Texas Reading Academy

Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

Problem Statement 1 (Prioritized): CES needs more instructional and curriculum focus in the area of Math. **Root Cause:** There is a lack of resources/more of an emphasis placed on ELAR.

Parent and Community Engagement

Parent and Community Engagement Summary

Campus and district provide multiple opportunities for families and the community to visit and be a part of the educational process. PTO, mentors, and local business sponsors continue to support and enrich CES.

Parent and Community Engagement Strengths

- PTO is an avid supporter of CES.
- Large numbers of parents participate in student performances and events.
- Mentorship program through TAMU-C is growing and enhancing student relationships.
- Community and businesses support the campus throughout the school year.

Problem Statements Identifying Parent and Community Engagement Needs

Problem Statement 1 (Prioritized): Diverse population attendance is not as high as we would like for parent/community activities. **Root Cause:** Transportation is not readily available for many of our families during the evening.

School Context and Organization

School Context and Organization Summary

Campus target areas are identified through CLI Engage Assessments (Circle/KEA/TPRI) and F&P benchmark testing data. We have aligned our MTSS criteria and process to meet the recommendations of the state. We continue to monitor all student data through local benchmarks and state assessments.

School Context and Organization Strengths

- Highly qualified staff
- Highly motivated staff and students
- PLCs
- PTO
- Full-time PreK-2nd Grade Curriculum Coordinator on-staff to provide instructional support
- The partnership of TAMU-C providing staff and instructional support
- Expansion of Reading Intervention Team
- Addition of a Reading Academy Cohort Leader to provide instructional support and training
- The ACE/Boys and Girls Club reorganizing and improving its services to meet the needs of our students through the 21st Century Grant.

Problem Statements Identifying School Context and Organization Needs

Problem Statement 1 (Prioritized): There is a need at CES for increased family/community support in school and at home. **Root Cause:** There is a lack of response to communication and availability of time due to family responsibilities.

Technology

Technology Summary

Commerce Elementary has become a 1:1 device campus. Each classroom has at least one Square Panda that interacts with the iPad. In addition, each student visits the computer lab 1-2 times per week. Instructional technology includes a laptop for each classroom, interactive whiteboard (IWB), projector, and document camera in each classroom. The availability of an interactive method for providing instruction through the Google Expeditions program is available. We also have a shared district technology specialist to support staff and instruction, along with two DLT members on the campus.

Technology Strengths

- 1 Full Computer Lab with teaching aide
- iPad or Chromebooks 1:1
- Laptop, Promethean IWB, projector, and document camera for each teacher
- Google Expeditions program for interactive instruction
- Square Pandas
- Osmos available for checkout
- ActiveInspire Table used within the ArboREADum

Problem Statements Identifying Technology Needs

Problem Statement 1 (Prioritized): Technology use should be shifted to a creation focus for final products. **Root Cause:** There is limited support for utilization of technology.

Priority Problem Statements

Problem Statement 1: Third grade students in CISD are not being as successful as compared to the region (Region 10) at the "Meets Grade Level" in reading.

Root Cause 1: Reading instructional strategies do not target all sub-populations. More and/or better efficient data (including storage of) is needed to drive instruction.
